

CRISIS RESPONSE

Another way RealPage is helping to protect your residents and employees while ensuring your business continuity.

Drive retention, engagement and education for your remote teams with EasyLMS®

Engage learners with interactive, on-demand content perfect for learning and maintaining essential skills while working from home.

EasyLMS® is not just another system to manage your company's learning. It is the key to unlocking your team's full potential. With more than 416 short, industry-specific learning modules, this all-inclusive learning management system is designed using the latest research on the most effective learning methods available.

Accurate and efficient, each industry course is created to fulfill a specific knowledge requirement to ensure your employees are in the know for all things industry-related. In addition, all of our content is interactive and available anytime, anywhere, on computer or tablet, helping your employees stay connected and informed.

ENGAGEMENT CONTENT INCLUDES:

- Virtual Leasing
- Working Remotely
- Time Management at Home
- Leading at Distance
- Managing Virtual Meetings
- Remote Conferencing Tools
- Well-Being and Productivity
- Stress Management
- Teamwork
- Custom Content
- And more

WE'VE GOT YOU COVERED!

EasyLMS also includes a built-in course creator so that you can quickly and easily generate your own content, specific to your company's business needs, operations, and processes. And all of your content can be tied to tailored learning paths, such as COVID-19 Readiness, to target specific learning recommendations for each employee.

Take your organizational potential to the next level with 360° content coverage that includes multifamily-specific industry and soft skills, RealPage® product learning, and your own custom-created courses.

Level up your organizational performance now to stay prepared and competitive.
