

# FAQ

## How much does it **cost**?

As low as \$11 per month. Rates are set by the department of insurance and can change depending on what quality of coverage you select. For a quote, go to eRenterPlan.com or call 888-205-8118.

## What are the **benefits** of eRenterPlan over other options?

The eRenterPlan brochure explains all benefits. eRenterPlan is our preferred provider for a reason!

## I've seen **\$5/month** from **Lemonade or Jetty**. Why are they so much cheaper?

They advertise low-priced policies but actual quotes can come back much higher. Policies below \$10/month often don't have the quality and types of coverage we recommend for our residents. eRenterPlan does - that's why we recommend them.

## What about **bundling with my auto insurance company**?

You can do that. We recommend eRenterPlan because we already know all of their policies meet our insurance requirements. eRenterPlan is also connected to our leasing office software, so they automatically provide your proof of insurance upon move-in or renewal.

## I just want to **satisfy the requirement**. What's the easiest/fastest way?

Go to eRenterPlan.com - it takes less than 3 minutes. Or call 888-205-8118.

## Does eRenterPlan cover **pets, pet bites, and are there breed restrictions**?

It includes generous pet coverage, but you can call 888-205-8118 to discuss specifics with one of their agents.

## Need to order more supplies?

Call us or order online if you need more trifold brochures, cue cards or sticky notes!
